Seeing Is Doubting.

"Seeing is believing, eh?" said an oculist. "Well, no saw was ever more absurd than that You see if horse's head and a flour barrel, and you believe the barrel is longer than the horse's head, don't you? Well, it isn't. The horse's head from the tips of his ears to the end of his nose is longer than the barrel by a considerable distance. Architects have to deceive the eye in order to make it appear that their buildings are symmetrical. They make walls lean in that they may appear vertical. They make windows wider at the top. They make columns thicker in the middle than at the summit or base. And the top lines of a building, in order to appear plumb to the silly eye of man, must be raised up quite a lot in the center.

"Seeing is believing, indeed!"—Cincinnati Enquirer.

Apple Pie Without Apples.

A guest at an old fashioned home dinner was eulogizing apple pie and her hostess when another guest, who had been a California pioneer, recalled the "apple" pie given the children of 1852 to appease their homesick cravings when apples were a dollar a pound. It was made by breaking four soda crackers into an earthern bowl and pouring over them a pint of cold water rendered very tart by citric acid. When soft the crackers were laid on a pie plate on the undercrust. Over them were sifted two tablespoonfuls of light brown sugar and a little allspice and cinnamon. A pretty perforated top crust was added, and in a few minutes a perfect apple pie was taken from the oven to delight young and old.—New York Sun.

The Difference In Speed.

The professor of shorthand in a local business college adduced this unanswerable argument in an address to a new class the other day:

"We are told that it took Gray, author of the well known 'Elegy In a Country Churchyard,' seven years to write that famous poem. If he had known stenography he could have done it in seven minutes. We have graduates who have done that same poem in that length of time."—Cleveland Plain Dealer.

BURNS, CUTS, BRUISES

San Cura Ointment .Stops .Pain at Once, Draws Out all Poisons, And Heals Promptly.

In all the world there is no ointment, no liniment, no remedy for burns, cuts and bruises that can compare with the antiseptic ointment

Every person ought to have a jar on hand;it is the first and best aid to the injured in case of accident, and is the ideal remedy for so many other distressing and painful ailments besides.

For example: It is guaranteed by W. F. Hennings' to cure itching bleeding and protruding piles, eczema, tetter, ulcers, salt rheum, boils, carbuncles and pimples or money back.

In case of old running sores no matter how long standing a few poultices of San Cura Ointment will draw out every particle of poison and leave it in such a thoroughly antiseptic condition that the sore will heal never to break open again.

We advise every reader to get a jar of San Cura Ointment today and keep it ready for an accident or emergency that may happen. 25 cents and 50 cents at W. F. Hennings' on the money back plan.

Soap For The Scalp.

San Cura Soap is delightful for shampooing, because it is full of antiseptic properties that banish the germs of dandruff and other impurities from the scalp. It cures pimples and blackheads, too. 25 cents a cake at W. F. Henningss'.

The Bloodletting Branch.

Not every pun is as good as one credited to a Dublin gentleman of long ago by the author of a book entitled "In Many Lands." George IV., on his visit to Dublin in 1821, met at a reception Sir Philip Crampton, Ireland's greatest surgeon

"In what branch of the service is that magnificent looking man?" asked his majesty

The gentleman to whom the question was put was too polite to hint that the king was mistaken in supposing that the distinguished surgeon was a naval or military officer

"Sire," he replied, "he is a general in the lancers."

Reprimand For Tennyson.

On one occasion when Tennyson was on a visit in Ireland with Aubrey de Vere a sullen mood overtook him, and he sought out his hostess and began to inveigh against the inanity of dancing, but the lady cut him short, saying: "How would the world get on if others went about growling at its amusements in a voice as deep as a lion's? I request that you will go upstairs, put on an evening coat and come down and ask my daughter Sophia to dance."

She Knew Him.

Husband (excitedly)—My dear, this ladies' tailor you employed says in this note if I did not settle your bill he will bring suit promptly. Wife (carelessly)—Don't worry, dear; that man makes you wait weeks. He never did bring suits promptly. — Baltimore American.

The Recompense.

"Men are so hideously lacking in self control," a young girl once said to her mother.

"Well, don't find fault with that," the mother answered. "If they weren't most girls would die old maids."

The Kitchen Closet.

Glass is an ideal shelfing for a kitchen closet, as it can be kept clean so easily. If this is too costly paint the shelves white and give a coat of enamel. This is easily scrubbed and does away with the necessity of germ-catching papers.

RIDE ON AUTO DELIVERY TRUCK HAS FATAL ENDING

Nine-Year-Old Stockdale Boy Dies From Injuries to Head

FELL WHILE ALIGHTING

Attempted to Get off Machine Backwards--Walked Two Miles to His Home

James Smith, the 9-year old son of Mr. and Mrs. Robert Smith of Stockdale died Monday evening at about 5 o'clock from injuries received in a fall from the delivery automobile of J. Frew, the Charleroi furniture dealer. The accident happened at about noon on Monday at Allenport. The boy who had been stealing a ride on the machine leaped off backwards, and fell, his head hitting a stone.

Mr Frew was driving his own machine. He had taken a delivery of goods to Stockdale and was on the way back at about noon, when a number of boys leaped on his machine Young Smith was among them. They were told to get off but refused. At Allenport, about two miles distant, the boys began to jump off. The machine was not running fast and all of them succeeded in alighting safely except young Smith. He leaped off backwards and his momentum carried him to the street, where his temple struck a stone. He was not rendered unconscious and got up and walked away, the other boys laughing at what they considered his awkwardness.

The Smith boy walked home and comlained to his mother about a headache. He told her he had been hit with a baseball. He took a sleep of an hour and a half and at the end of that time his condition was alarming. A physician was called. Boys who had been with him were called in and the story of his fall leaked out. At 5 o'clock the boy died.

The funeral was held this afternoon at 2 o'clock. Services were conducted at the home and the body was afterward taken to Mt. Tabor cemetery for interment. The family is well known in Stockdale. Mr Smith is a miner and has lived there for a score or more years.

Mr. Frew this morning in telling of the occurrence said he did not think he was in the least to blame. He said he was running slow at the time of the accident and was unaware of the happening until he heard the Smith boys' companions laughing. He asked if the lad were hurt and they told him no. He said that it was a habit among many of the boys to steal rides in the machine and that he could not prevent the practice.

STEAMER CARRY FLAGS HALF MAST

Steamers along the Monongahela river have been flying their flags at half mast since Monday owing to the death of Capt. James L. McFeeters, United Stotes Harbor Master, for the Pittsburg district. Capt. McFeeters died on Monday. At the locks along the Monongahela flags were also hung at half mast.

Low Water is Cause of Acid

Valley Begins to Suffer from Usual Dry Weather Condition

With little water going over the dams of the Monongahela river acid is beginning to make its appearance in the water in quantities and the green apppearance noticeable always in dry weather when the water is low, is pronounced. Acid is discharged from the mines and mills along the river and if the water is not high enough over the dams to carry it out it remains in the pools. It has a destructive effect upon boilers and repairs are frequent where water is drawn from the river. There is about 9 1-2 feet of a stage at Lock No. 4 now.

NEW POLLS TO BE USED THIS FALL

Court Will be Petitioned to Name Election Officials

BOROUGH RE-DISTRICTED

Signers are being secured to a petition to be presented to the court shortly, asking that the court fix voting places for the new Charleroi precincts and appoint election officers. It is desired to have the new precincts in shape for primary election day the latter part of September.

Over a year ago the court at a request of Charleroi petitioners divided Charleroi into six voting precincts. The precincts were set by commissioners appointed to investigate the matter and Sixth street is the general boundary line east and west. Washington and Crest avenues are the northern and southern boundary lines of the precincts.

All new election officers will have to be appointed. There are now election officers for three precincts, and the chances are they will be among those appointed.

CLASS NIGHT OBSERVED BY GRADUATING CLASS

Two Dramatic Productions Feature Affair Held at School Hall by High School Seniors

HISTORY, PROPHECY AND CLASS POEM ARE READ

Class night was observed Tuesday night by the graduating class of High School at School Hall. The features were the productions of "The Courtship of Miles Standish," the beautiful Longfellow composition and "Obstinacy," a one-act comedy. The class history, the class poem and the class prophecy were read. The class donor presented the members of the class with little tokens of remembrance.

In "The Courtship of Miles Standish," Benton Crabb assumed the part of Captain Miles Standish and carried it through well. Robert Worthington depicted the character of John Alden a young man who loved, but was willing to sacrifice his love because of his friendship to Capt Stanlish. Priscella the young woman who loved John Alden, and was the object of affection of Capt. Standish, was characterized by Miss Emma Clutter. Miss Johanna Estenfelder had the part of Dame Hadley. The play was well rendered by the High School students.

"Obstinacy" was alight comedy, it being based on the refusal of three women to say the phrase "Thank Heaven, the table's set," and the quarrels which ensued subsequently between them and males of the household. Of course all comes out all right by the women accidentally or otherwise repeating the phrase and a threatened disruption between two families a servant and his fiance, is avoided. Miss Helen Power played the part of Grace Austin, the young wife, Robert Worthington of Robert Austin the young husband, Benton Crabb, Mr. Kent, Grace's father, and Miss Mary Howard depicted Mrs. Kent, Grace's mother. Henry Primas and Miss Johanna Estenfelder characterized the servants of the Austins.

Miss Marguerite Whitlatch was the class historian. She gave a brief description of the trials and tribulations of the class from its first year in High School until the present year. Miss E dith Hopkins read the class poem, in which she aptly described different High School characters. The class prophecy was read by Miss Hazel Ream, who set high attitudes in the world for the graduates to attain. Miss Mary Howard was the class donor. She occasioned much laughter by her presents to the members of the class. The class song was a composition by Prof. I. T. Daniel.

Jenkins orchestra rendered special instrumental music for the occasion.

PROGRAM FOR COMMENCEMENT IS ARRANGED

Members of High School Class to Receive Deplomas Thursday Night

Commencement exercises will be held on Thursday night at Schol Hall by the graduating class of the High School, and they will at that time receive their diplomas. A pleasing program has been arranged.

Each member of the class will take an active part in the commencement night exercises. Orations will be said by Misses Helen Power, Hazel Ream and Johanna Estenfelder and by Henry Primas, Charles Lee, Benton Crabb, and Robert Worthington. Miss Marguerite Whitlach will render a piano solo, Miss Emma Clutter, a vocal solo, and Miss Mary Howard, a violin solo. Miss Edith Hopkins will have an essay.

Diplomas will be presented by J. M. Hill, president of the board of education. Special music will be rendered by Jenkin's Orchestra.

Orchestra at Park.

Jenkins Orchestra has been engaged to play at Elrora Park tonight in place of the orchestration recently installed.

Game Tonight.

A ball game will be played tonight between the Catholic team of the Church League and the strong Twilight team and a splendid contest is looked for. The regular admission charged at the games of the Church League will prevail for this game.

Controller Obeys Peremptory Mandamus in Walker Case

BONDSMAN FOR F. W. WARD

In obeyance of the peremptory mandamus of the court Controller John Moffitt on Monday paid over to A. M. Linn, counsel for S. E. Walker, et. al., executors of the estate of S. G Walker, the sum of $3,716.01. This is the amount ascertained as the balance due from the bond forfeited in the case of the commonwealth against Frederick W. Ward. The sum paid is that contemplated in the decree of the court handed down on April 17, 1911, directing that the balance of the bond remaining, after the fine costs, etc., had been paid, be turned back to the Walker estate.

Controller Moffitt, when the demand was made upon him to pay the balance refused to do so, alleging he had no legal right to pay back this balance. Through their counsel, A. M. Linn, the estate secured the mandamus on the controller. Controller Moffitt stated Monday that he had paid over the balance under protest and expected to appeal from the order of the lower court.

...PASSES ...LIQUOR BILL

Provides for State License to Brewers and Distillers

SQUARE DEAL IN SENATE

Gov. Tener's Utilties Measure to Receive Fair Consideration

(Special Correspondence.

Harrisburg, May 17—Although the opponents put up a hot fight on the floor the House Tuesday passed the Kline liquor bill by a vote of 111 to 82 This bill transfers to the State Treasurer the power of granting liquor licenses to brewers and distillers. and relieves the courts from this duty. The bill has already passed the Senate and is now up to the Governor. This is the only piece of important legislation the liquor people have been able ao get through all their other measures being sidetracked.

All three of Washington county's Assemblymen, Bentley, Holland and Feeney voted for the bill on its final passage, although the two latter voted against it on the second passage.

Governor Tener has put his foot down hard in regard to the action of the Senate on the Public Utilities Commission bill. It seems to have been the apparent attention to smother the bill in committee, or remove its usefulness by amendments. Governor Tener, however has issued the ultimatum that the Senate must play fair with the bill and let it reach the floor and there live or die on its merits. The Governor has intimated that he will stand no monkey business and that if the Senate juggles the bill in committee a special session may be called. If it slaughters the bill on the floor the Governor is relieved of the responsibility and the members will have to answer the consequences.

With Assemblyman Feeney fighting to the last ditch the Pitchford bituminous mine code once defeated through Feeney's influence, was passed finally by the House 113 to 54. Feeney did everything possible to stem the tide but his best efforts were unavailing. It now goes to the Senate.

THE BOND ISSUE.

Every citizen interested in the proposed bond issue should make it a point to be present at the meeting of council Friday night, when the Business Men's Association will have a committee there to discuss the matter As this association is on record as favoring the issue, their side of the discussion is clearly indicated. Any person or persons opposing the issue should feel in duty-bound to be present and present their side of the argument. It is not the desire of council or the Business Men's Association to push this matter through for any special purpose or interest. The only prompting motive is the benefit of the public.

As previously stated the borough is between the alternative within a comparatively short time of expending possibly more than the amount proposed for paving and other public expenditures for the construction of a sewage disposal plant. The State Health Authorities have notified Charleroi borough as well as all other boroughs along the river to prepare plans for sewage disposal plants, which are expected to be ordered shortly afterward. If Charleroi should issue bonds up to the limit of indebtedness provided by the constitution, the State cannot compel the erection of the sewage disposal plant. The difference is in spending the money for improvements in town instead of for a project to benefit the towns below us.

So far as Charleroi is concerned it seems to be good public policy to use this money for street paving instead of waiting for the State authorities to order us to expend it for a sewage disposal plant. This is why the bond issue is being agitated at this particular time.

A CRITICAL PERIOD.

Following the decision of the United States Supreme Court ordering a dissolution of the Standard Oil company, notice is virtually served upon all other similar corporations to take action along the same lines. This will necessarily involve a complete business reorganization of the principal industrial concerns which must of necessity retard business in every line as now conducted. Consequently a long period of business stagnation as compared with previous activity must be expected.

Considering all the lines of resistence that is being interposed against the present industrial and business system of the country, little else but inactivity and stagnation can be expected. Those who have money that is ordinarily invested in business enterprises are not investing it. The lines of employment are being cut down, and the process of reorganizing the big industries cannot help but involve a long waiting period, as this work must be graduat and in many instances experimental. With the present Supreme Court decisions it now looks as though the political and social agitation had accomplished its end—compelled a reorganization along different lines which must of necessity be slow and tortuous and be accompanied by many social ills before operations again become normal.

PICKED UP IN PASSING

A familiar personage in Charleroi is W. D. Fitzpatrick who as a collector for Scribner's Magazine has been making trips to the community for several years. It is the custom with the Scribner people to take magazine subscriptions with book sets on the installment plan, and Mr. Fitzpatrick then makes the rounds for the monthly collections.

"Our list in Charleroi is smaller than usual owing to the business depression that seems to pervade the town," he remarked Tuesday night. "We have only about 40 magazine subscriptions in the town now. Formerly it has been much greater. My route is east af far as Altoona, and north to New Castle, Sharon, Butler, the Beaver valley and south to Uniontown, taking in Connellsville, Greensburg, and all the intervening towns. Our magazine has increased greatly, the Roosevelt articles about the African hunting expedition alone jumped the circulation more than one hundred fold. I know of one little news stand at Altoona which used to order six copies of the magazine a month. The Roosevelt articles advanced the sale to 56, which has been approximately maintained ever since."

"This is not a League game, you know," said H. L. Swickey Tuesday evening to a stranger who sat near him on the bleachers watching the Catholic—Washington Avenue game of the Church League. The stranger was loud in his criticism of the players of both teams and told what each should have done at each particular play made. Mr. Swickey, who is an enthusiastic fan and who really knows the inside of baseball playing, then mildly vouchafed the information to the stranger that the players were not professionals; that the Church League was organized purely for sport and recreative purposes; that the players were in the game for the love of the sport and that for amateur playing the game here compared with anything on the diamond anywhere.

After having sent him about the tenth statement requesting payment of a small bill, a valley newspaper man some time ago, according to the story told, buttonholed his man, and asked for his money.

"Well," said the man, "if I'm living by Saturday I'll pay you."

Saturday passed and the man failed to put in apearance. Monday evening when the paper was issued his friends were surprised to read of his death, conspicuously displayed.

The next morning in great rage he approached the editorial sanctum and wildly waving a copy of the paper shouted:

'Look here, you fool, "I want you to take back that about me being dead. It's a lie."

"Well," replied the newspaper man, "you told me that if you did not pay what you owed me Saturday you were dead. You have your own word for it. Good day."

PATTI STOOD PAT.

The Diva Wouldn't Cut Her Rates, but Suggested an Alternative.

Patti once was waited upon at her hotel by a famous minstrel magnate, Colonel J. H. Haverly, whose ambition had been aroused to secure the diva for a concert tour under his direction. Madame received him most graciously, and the two began discussing the details

"May I ask your terms for fifty nights, Mme. Patti?" Haverly asked.

"For concert or for opera?" the diva asked.

"For concert," Haverly replied.

"Four thousand a night, or $200,000 for fifty nights, one-half to be deposited on signing the contract," was Patti's deliberate response.

Haverly tried to appear composed, but it was too much of an effort.

"Two hundred thousand for fifty nights! Heavens, madame, that is just four times as much as we pay our president of the United States!" he cried.

"Well," the divine one answered, "why don't you get the president to sing for you?"

Haverly fled.—Robert Grau in Musical America.

Chickweed.

Like the plantain, which the Indians called "the white man's foot" because it sprang up wherever the whites penetrated, the chickweed seems to follow the track of the white colonist, and in New Zealand the Maoris call it "the mark of the paleface." The little flower is a sort of barometer. It opens when fine weather is coming, remains closed if rain is in the air.

Disappointed.

Mr. X.—Oh, I've been doing quite a round of calls, and I've been so unfortunate! Mrs. X.—What, everybody out? Mr. X.—No; everybody in!—London Opinion.

Imagination causes more aches and pains than all other ailments.—Babcock.

THAT AWFUL BACKACHE

Cured by Lydia E. Pinkham's Vegetable Compound

Morton's Gap, Kentucky.—"I suffered two years with female disorders, my health was very bad and I had a continual backache which was simply awful. I could not stand on my feet long enough to cook a meal's victuals without my back nearly killing me, and I would have such dragging sensations I could hardly bear it. I had soreness in each side, could not stand tight clothing, and was irregular. I was completely run down. On advice I took Lydia E. Pinkham's Vegetable Compound and Liver Pills and am enjoying good health. It is now more than two years and I have not had an ache or pain since I do all my own work, washing and everything, and never have the backache any more. I think your medicine is grand and I praise it to all my neighbors. If you think my testimony will help others you may publish it."—Mrs. Ollie Woodall, Morton's Gap, Kentucky.

Backache is a symptom of organic weakness or derangement. If you have backache don't neglect it. To get permanent relielf you must reach the root of the trouble. Nothing we know of will do this so surely as Lydia E. Pinkham's Compound.

Write to Mrs. Pinkham, at Lynn, Mass., for special advice. Your letter will be absolutely confidential, and the advice free.

Fun Under Fire.

"One of the characteristics of my old comrade, Amos Stillman, Company A, Twenty-third Massachusetts volunteers, was bravery in actual fighting service," said the old soldier. "Another characteristic was a sense of humor which stood him in good stead even in the face of danger and contributed not a little to the gayety of his comrades. At the battle of Cold Harbor, just before making the charge and while under the Confederate fire, our corporal, who was over six feet tall and scarcely bigger round than a gun barrel, became excited as the enemy's bullets plowed up the earth about him.

"'What kind of place is this to keep a man in?' he demanded. 'Absolutely without protection!'

"He had no more than spoken when Private Stillman stuck his ramrod in the ground.

"'Here, corporal,' said he; 'get behind this.'"—Youth's Companion.

The Bishop's Opinion.

"The late Bishop Whitaker," said a Philadelphia clergyman, "had very little sympathy with ultra high church leaning. A young divine once said to him at a Lenten lecture, 'Bishop, suppose I should burn a few pastilles during the service, do you think anything would happen?'

"Bishop Whitaker smiled dryly, and, passing his hand down his white beard, he answered:

"'A good deal would happen, my young friend. Your congregation would be incensed, your vestrymen would fume, and it's more than likely that you yourself would go up in smoke.'"

The Family Cat.

"Under normal conditions," says Chicago's health commissioner, "all the epidemic and local diseases thrive upon the family cat. The woman who refuses to give her child a redhot poker as a toy has no hesitancy in putting into its arms the most dangerous plaything—the family cat. It is no difficult matter to quarantine the child sick with scarlet fever or diphtheria, but the family cat goes where it pleases and comes when it likes."

Revenge.

Martha, aged five, precocious and observant, had been severely spanked by her mother. She sat on the floor, her eyes filled with angry tears. Suddenly she rose with a determined look upon her little face and seized her hat "Where are you going?" asked her mother. "Out to tell all the family secrets to the neighbors," said the child firmly.—Life.

Giant Monument to a Child.

Mount Grace, in Warwick, Mass., seems to be in a way a giant monument to a little child. According to tradition, the Indians captured a Mrs Rowlinson and her child. As the party were passing through the woods on their way to Canada the child died and was buried at the foot of the mountain. The child's name was Grace, and the mountain has been Mount Grace ever since.

Interesting Reading for Tubercular Invalids

The makers of Eckman's Alterative—the medicine that is curing tuberculosis all over the country—will send direct, a pamphlet and other literature, that every consumptive should read. It tells in their own language the story of those whom Eckman's Alterative has cured. Such straight-from-the-heart evidence as this booklet holds is convincing.

No matter if you have unfortunately spent time and money experimenting with nearly every "cure" under the firmament—investigate Eckman's Alterative. If shown the heart-touching affidavit of a father whose only son was cured of tuberculosis by Eckman's Alterative after all hope had been abandoned, would it not carry some weight with you? A specimen:— 718 Cherry St., Phila., Pa.

Gentlemen.—"In July, 1905, I first noticed the conditions that showed I had Consumption. I lost weight rapidly; had a hollow cough, hemorrhages and very severe night sweats. My brother recommended Eckman's Alterative. In the Fall of 1905 I began to take it. At this time I am perfectly well and robust. My appetite is good and my weight has increased from 110 to 140 pounds. Not a trace of my old trouble remains. I will gladly express the merits of this medicine to anyone."

CLEAN UP HERE ALL THE TIME

Continual, Not Spasmodic Effort to Keep Town Clean

While other towns and cities are instituting special clean-up days, Charleroi is going ahead in the same old way. Every day is clean up day here. This is owing to the fact that a garbage collector is employed for the borough. He works under the supervision of Health Officer Darby, who endeavors to keep the town clean at all times. He has had some trouble enforcing the ordinances in regard to keeping streets, alleys and vacant lots cleaned of rubbish, and has been authorized by borough authorities to be more strict in enforcing his demands. Arrests are to follow the violation of the ordinances prohibiting dumping of rubbish in the borough.

DOING THEIR DUTY

Scores of Charleroi Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this thekidneys are sick.

Backache and many kidney ills follow.

Doan's Kidney Pills cure them all.

Charleroi people endorse our claim.

Mrs William McBride ,508 Lincoln avenue, Charleroi says: "Doans Kidney Pills have been used in our family for several years.. Our first experience with them took place while we were living in Beaver Falls. A member of our family was at that time suffering from dull pains in the small of the back and other symptoms of kidney trouble. Doans Kidney Pills proved of great benefit and there was no return of the trouble for some time. About a month ago Doan's Kidney Pills were procured at Piper Bros and they proved as beneficial as before. In view of our experience with Doan's Kidney Pills I do not hesitate to recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

An Odd Globe.

A great globe ornamented with the map of the earth carved in stone decorates the estate of an eccentric Englishman at Swanage. It stands overlooking the sea and is visible for quite a distance. One may walk about it and study it in detail. Acting Versus Drawing.

To a group of friends Ellen Terry once said: "Acting is not like drawing. You make a line. If it is wrong you rub it out at once and make another. With acting that is impossible. There is no altering. It must stand. I often feel as if I must cry to the audience, 'Oh, that is wrong, not as I meant it to be; let me act that part or sentence over again.'"

Cutting.

General Lee one day found Dr. Cutting, an army surgeon, who was a handsome and dressy man, arranging his cravat complacently before a glass.

"Cutting," said Lee, "you must be the happiest man in creation."

"Why, general?"

"Why," replied Lee, "because you are in love with yourself and have not a rival on the earth."

Attracts Attention.

A man may sing to himself, whistle to himself and cuss to himself, and nobody pauses long enough to give him a second glance. But let him talk to himself, says the Philadelphia Telegraph, and the whole town thinks that he is whizzy around the brim and wonders why some kindly disposed relative doesn't stack him up against a lunacy commission.

The Other Kind.

Olive, aged seven, was very puzzled. She said to her sister:

"Louise, what are dates? I heard Aunt Hazel say she was going to buy some."

Louise, aged five, snorted: "Dates! Why, that's what the women have downtown with the men. She's just going to smile at some fellow."—Los Angeles Times.

Manganese and Its Uses.

Manganese is one of the substances which had long been used in the arts before its existence as an independent metal was recognized. From prehistoric times it was employed as a coloring material, but it was not known to be a distinct metal until 1774. In India the primitive smiths used it as a flux and as an alloy for holding iron and bronze. Today its power as an oxidizer, rendering it a most important disinfectant, and its value as a chemical reagent, as well as its increasing use as an alloy, caused an active search to be made for its ores. It is widely distributed, forming about one-thousandth of the substance of the earth's crust.

When Coffee Was Unpopular.

Coffee was introduced into England in 1652 and within the next ten years became the fashionable drink of London. A few years later, however, in 1663, there was a great uprising against the "oriental beverage of hades." It was satirized on every hand, the bitterest invectives coming from the pulpit. One leading minister characterized it as "the sirup of soot mixed with the essence of old shoes," and another declared that it was "a poison which God had made black that it might bear the devil's own color." This bitter crusade soon wore itself out, and by the time of Charles II. coffee houses were known in every village in the land.

VALLEY LEAGUE SEEMS POPULAR

Movement Now on Foot to Make Circuit of Twelve Clubs

It is now positively stated that the Monongahela Valley Baseball League will be a go this year. It is probable that eight teams will be included and that the season will be opened Saturday, May 27. .

At the meeting held in the Hotel Walfred as stated, the following teams were represented: Belle Vernon, Monongahela, Fayette City and Charleroi. Assurances were received from Brownsville, Donora, Braddock and Monessen that they would go along, these teams, with the possible addition of either Glassport, Dravosburg, Clairton, Coal Valley, Duquesne or Homestead, making up an eight-team league.

The Clairton team which is one of the strongest in this section has applied for admission and will be enrolled in the league. Dravosburg also will go along and Manager McCully of the Braddock team declared the proposition "looked good" to him.

"We will consider the matter," said McCully, "and I believe Braddock will enter,"

Manager McBride of the Homestead team is absent from home. He is considering the question and will decide before next week.

Another meeting has been called for next Sunday at the Hotel Walfred At the meeting the organization will be perfected and a schedule adopted.

In the meantime, invations will be extended to several other teams to enter the league, it being deemed advisable to have 12 clubs entered, if such a thing is possible. Coal Valley Dravosburg, Clairton, Glassport and Duquesne will be urged to have representatives present at Sunday's meeting.

Should present plans go through two games will be played each week.

WILL CONSIDER THE BOND ISSUE

A meeting of council is scheduled for Friday night of this week, when it is expected that the bond issue proposition will be taken up. A committee from the Charleroi Business Men's association appointed some time ago, to further the project, will likely be present. Action may be taken at the meeting on the matter. Other business left over from the preceding meeting will be taken up.

Allegheny High School Strong

The Allegheny High School team which play the Lutherans here this Saturday has thus far proven the strongest scholastic team around Pittsburg. This by defeating Wilkinsburg High school 20 to 3; Ben Avon High School 21 to 2; also East Liberty Jeannette, Uniontown, and Avalon, and losing only to Rayen High School of Youngstown and Slippery Rock Normal, by this record the Allegheny High boys have shown themselves the inter scholastic leaders, and their appearance will give the people of Charleroi the opportunity to see a real good High School team in action. Greenway, the star A. H. S. pitcher, has a record of 22 strike-outs against one opponent and 18 against two others.

CATHOLICS BEAT W. A. PRESBYS.

By hitting opportunely and by taking advantage of every little misplay, the Catholics won the game last night from the Washington Avenue Presbyterians. The contest was worth while witnesing.

When Kelly contracted a walk for the Catholics in the first inning it was the signal for a run. He scored when Deitz met the sphereoid for a twobagger. In the third session Kelly was safe, Deitz and Riter scored Kelly was safe on a misplay and Deitz doubler scoring the former. Rider singled and Might tripled scoring Ritter. Meanwhile Deitz circled the bases / Deitz chased around the circuit again in the fifth on a number of misplays and Kelly scored in the seventh when he was safe on a fielder's choice, stole second and scored on the middle fielder's error.

The Washington Avenues counted twice in the fourth. Mitchell got on through an error, stole second- went third on an error and home on a fielder's choice. Walchuk scored after getting on by a fielder's choice and subsequently scored. Fontanesi got a walk in the fifth and scored when Barrass and Carmell singled. Score:

RIDE ON AUTO DELIVERY TRUCK HAS FATAL ENDING

Nine-Year-Old Stockdale Boy Dies From Injuries to Head

FELL WHILE ALIGHTING

Attempted to Get off Machine Backwards--Walked Two Miles to His Home

James Smith, the 9-year old son of Mr. and Mrs. Robert Smith of Stockdale died Monday evening at about 5 o'clock from injuries received in a fall from the delivery automobile of J. Frew, the Charleroi furniture dealer. The accident happened at about noon on Monday at Allenport The boy who had been stealing a ride on the machine leaped off backwards, and fell, his head hitting a stone.

Mr Frew was driving his own machine. He had taken a delivery of goods to Stockdale and was on the way back at about noon, when a number of boys leaped on his machine Young Smith was among them. They were told to get off but refused. At Allenport, about two miles distant, the boys began to jump off. The machine was not running fast and all of them succeeded in alighting safely except young Smith. He leaped off backwards and his momentum carried him to the street, where his temple struck a stone. He was not rendered unconscious and got up and walked away. the other boys laughing at what they considered his awkwardness.

The Smith boy walked home and comlained to his mother about a headache. He told her he had been hit with a baseball. He took a sleep of an hour and a half and at the end of that time his condition was alarming. A physician was called. Boys who had been with him were called in and the story of his fall leaked out At 5 o'clock the boy died

The funeral was held this afternoon at 2 o'clock. Services were conducted at the home and the body was afterward taken to Mt. Tabor cemetery for interment. The family is well known in Stockdale. Mr Smith is a miner and has lived there for a score or more years.

Mr. Frew this morning in telling of the occurrence said he did not think he was in the least to blame. He said he was running slow at the time of the accident and was unaware of the happening until he heard the Smith boys' companions laughing He asked if the lad were hurt and they told him no. He said that it was a habit among many of the boys to steal rides in the machine and that he could not prevent the practice.

STEAMER CARRY FLAGS HALF MAST

Steamers along the Monongahela river have been flying their flags at half mast since Monday owing to the death of Capt. James L. McFeeters, United Stotes Harbor Master, for the Pittsburg district. Capt. McFeeters died on Monday. At the locks along the Monongahela flags were also hung at half mast.

Low Water is Cause of Acid

Valley Begins to Suffer from Usual Dry Weather Condition

With little water going over the dams of the Monongahela river acid is beginning to make its appearance in the water in quantities and the green apppearance noticeable always in dry weather when the water is low, is pronounced. Acid is discharged from the mines and mills along the river and if the water is not high enough over the dams to carry it out it remains in the pools. It has a destructive effect upon boilers and repairs are frequent where water is drawn from the river. There is about 9 1-2 feet of a stage at Lock No. 4 now

NEW POLLS TO BE USED THIS FALL

Court Will be Petitioned to Name Election Officials

BOROUGH RE-DISTRICTED

Signers are being secured to a petition to be presented to the court shortly, asking that the court fix voting places for the new Charleroi precincts and appoint election officers. It is desired to have the new precincts in shape for primary election day the latter part of September.

Over a year ago the court at a request of Charleroi petitioners divided Charleroi into six voting precincts. The precincts were set by commissioners appointed to investigate the matter and Sixth street is the general boundary line east and west. Washington and Crest avenues are the northern and southern boundary lines of the precincts.

All new election officers will have to be appointed. There are now election officers for three precincts, and the chances are they will be among those appointed.

CLASS NIGHT OBSERVED BY GRADUATING CLASS

Two Dramatic Productions Feature Affair Held at School Hall by High School Seniors

HISTORY, PROPHECY AND CLASS POEM ARE READ

Class night was observed Tuesday night by the graduating class of High School at School Hall. The features were the productions of "The Courtship of Miles Standish," the beautiful [illegible] a one-act comedy. The class history, the class poem and the class prophecy were read. The class donor presented the members of the class with little tokens of remembrance.

In "The Courtship of Miles Standish," Benton Crabb assumed the part of Captain Miles Standish and carried it through well. Robert Worthington depicted the character of John Alden a young man who loved, but was willing to sacrifice his love because of his friendship to Capt Standish Priscella the young woman who loved John Alden, and was the object of affection of Capt Standish, was characterized by Miss Emma Clutter. Miss Johanna Estenfelder had the part of Dame Hadley. The play was well rendered by the High School students.

"Obstinacy" was alight comedy. it being based on the refusal of three women to say the phrase "Thank Heaven, the table's set," and the quarrels which ensued subsequently between them and males of the household. Of course all comes out all right by the women accidentally or otherwise repeating the phrase and a threatened disruption between two families a servant and his fiance, is [illegible] the part of Grace Austin, the young wife, Robert Worthington of Robert Austin the young husband, Benton Crabb, Mr. Kent, Grace's father, and Miss Mary Howard depicted Mrs Kent, Grace's mother. Henry Primas and Miss Johanna Estenfelder characterized the servants of the Austins.

Miss Marguerite Whitlatch was the class historian. She gave a brief description of the trials and tribulations of the class from its first year in High School until the present year. Miss Edith Hopkins read the class poem, in which she aptly described different High School characters. The class prophecy was read by Miss Hazel Ream, who set high attitudes in the world for the graduates to attain. Miss Mary Howard was the class donor. She occasioned much laughter by her presents to the members of the class. The class song was a composition by Prof. I T Daniel

Jenkins orchestra rendered special instrumental music for the occasion.

Controller Obeys Peremptory Mandamus in Walker Case

BONDSMAN FOR F. W. WARD

In obeyance of the peremptory mandamus of the court Controller John Moffitt on Monday paid over to A. M. Linn, counsel for S E Walker, et. al, executors of the estate of S. G Walker, the sum of $3,716.01. This is the amount ascertained as the balance due from the bond forfeited in the case of the commonwealth against Frederick W. Ward. The sum paid is that contemplated in the decree of the court handed down on April 17, 1911, directing that the balance of the bond remaining, after the fine costs. etc., had been paid, be turned back to the Walker estate.

Controller Moffitt, when the demand was made upon him to pay the balance refused to do so, alleging he had no legal right to pay back this balance. Through their counsel, A. M. Linn, the estate secured the mandamus on the controller. Controller Moffitt stated Monday that he had paid over the balance under protest and expected to appeal from the order of the lower court.

Provides for State License to Brewers and Distillers

SQUARE DEAL IN SENATE

Gov. Tener's Utilties Measure to Receive Fair Considcration

(Special Correspondence.

Harrisburg, May 17—Although the opponents put up a hot fight on the floor the House Tuesday passed the Kline liquor bill by a vote of 111 to 82 This bill transfers to the State Treasurer the power of granting liquor licenses to brewers and distillers. and relieves the courts from this duty. The bill has already passed the Senate and is now up to the Governor. This is the only piece of important legislation the liquor people have been able ao get through all their other measures being sidetracked.

All three of Washington county's Assemblymen, Bentley, Holland and Feeney voted for the bill on its final passage, although the two latter voted against it on the second passage.

Governor Tener has put his foot down hard in regard to the action of the Senate on the Public Utilities Commission bill. It seems to have been the apparent attention to smother the bill in committee, or remove its usefulness by amendments. Governor Tener, however has issued the ultimatum that the Senate must play fair with the bill and let it reach the floor and there live or die on its merits. The Governor has intimated that he will stand no monkey business and that if the Senate juggles the bill in committee a special session may be called. If it slaughters the bill on the floor the Governor is relieved of the responsibility and the members will have to answer the consequences.

With Assemblyman Feeney fighting to the last ditch the Pitchford bituminous mine code once defeated through Feeney's influence, was passed finally by the House 113 to 54. Feeney did everything possible to stem the tide but his best efforts were unavailing. It now goes to the Senate.

CLEAN UP HERE ALL THE TIME

Continual, Not Spasmodic Effort to Keep Town Clean

While other towns and cities are instituting special clean-up days, Charleroi is going ahead in the same old way. Every day is clean up day here. This is owing to the fact that a garbage collector is employed for the borough. He works under the supervision of Health Officer Darby, who endeavors to keep the town clean at all times. He has had some trouble enforcing the ordinances in regard to keeping streets, alleys and vacant lots cleaned of rubbish, and has been authorized by borough authorities to be more strict in enforcing his demands. Arrests are to follow the violation of the ordinances prohibiting dumping of rubbish in the borough.

DOING THEIR DUTY

Scores of Charleroi Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this thekidneys are sick.

Backache and many kidney ills follow.

Doan's Kidney Pills cure them all.

Charleroi people endorse our claim.

Mrs William McBride ,508 Lincoln avenue, Charleroi says: "Doans Kidney Pills have been used in our family for several years.. Our first experience with them took place while we were living in Beaver Falls. A member of our family was at that time suffering from dull pains in the small of the back and other symptoms of kidney trouble. Doans Kidney Pills proved of great benefit and there was no return of the trouble for some time. About a month ago Doan's Kidney Pills were procured at Piper Bros and they proved as beneficial as before. In view of our experience with Doan's Kidney Pills I do not hesitate to recommend them."

Acting Versus Drawing.

To a group of friends Ellen Terry once said: "Acting is not like drawing. You make a line. If it is wrong you rub it out at once and make another. With acting that is impossible. There is no altering. It must stand. I often feel as if I must cry to the audience, 'Oh, that is wrong, not as I meant it to be; let me act that part or sentence over again.'"

Cutting.

General Lee one day found Dr. Cutting, an army surgeon, who was a handsome and dressy man, arranging his cravat complacently before a glass.

"Cutting," said Lee, "you must be the happiest man in creation."

"Why, general?"

"Why," replied Lee, "because you are in love with yourself and have not a rival on the earth."

Attracts Attention.

A man may sing to himself, whistle to himself and cuss to himself, and nobody pauses long enough to give him a second glance. But let him talk to himself, says the Philadelphia Telegraph, and the whole town thinks that he is whizzy around the brim and wonders why some kindly disposed relative doesn't stack him up against a lunacy commission.

The Other Kind.

Olive, aged seven, was very puzzled. She said to her sister:

"Louise, what are dates? I heard Aunt Hazel say she was going to buy some."

Louise, aged five, snorted: "Dates! Why, that's what the women have downtown with the men. She's just going to smile at some fellow."—Los Angeles Times.

Manganese and Its Uses.

Manganese is one of the substances which had long been used in the arts before its existence as an independent metal was recognized From prehistoric times it was employed as a coloring material, but it was not known to be a distinct metal until 1774 In India the primitive smiths used it as a flux and as an alloy for holding iron and bronze Today its power as an oxidizer, rendering it a most important disinfectant, and its value as a chemical reagent, as well as its increasing use as an alloy, caused an active search to be made for its ores It is widely distributed forming about one-thousandth of the substance of the earth's crust

When Coffee Was Unpopular.

Coffee was introduced into England in 1652 and within the next ten years became the fashionable drink of London. A few years later, however, in 1663, there was a great uprising against the "oriental beverage of hades" It was satirized on every hand, the bitterest invectives coming from the pulpit. One leading minister characterized it as "the sirup of soot mixed with the essence of old shoes," and another declared that it was "a poison which God had made black that it might bear the devil's own color." This bitter crusade soon wore itself out, and by the time of Charles II. coffee houses were known in every village in the land.

VALLEY LEAGUE SEEMS POPULAR

Movement Now on Foot to Make Circuit of Twelve Clubs

It is now positively stated that the Monongahela Valley Baseball League will be a go this year. It is probable that eight teams will be included and that the season will be opened Saturday, May 27.

At the meeting held in the Hotel Walfred as stated, the following teams were represented: Belle Vernon, Monongahela, Fayette City and Charleroi. Assurances were received from Brownsville, Donora, Braddock and Monessen that they would go along. These teams, with the possible addition of either Glassport, Dravosburg, Clairton, Coal Valley, Duquesne or Homestead, making up an eight-team league.

The [illegible] the strongest in this section has applied for admission and will be enrolled in the league Dravosburg also will go along and Manager McCully of the Braddock team declared the proposition "looked good" to him

"We will consider the matter," said McCully "and I believe Braddock will enter,"

Manager McBride of the Homestead team is absent from home He is considering the question and will decide before next week.

Another meeting has been called for next Sunday at the Hotel Walfred At the meeting the organization will be perfected and a schedule adopted.

In the meantime, invations will be extended to several other teams to enter the league, it being deemed advisable to have 12 clubs entered, if such a thing is possible Coal Valley Dravosburg, Clairton, Glassport and Duquesne will be urged to have representatives present at Sunday's meeting.

Should present plans go through two games will be played each week

WILL CONSIDER THE BOND ISSUE

A meeting of council is scheduled for Friday night of this week, when it is expected that the bond issue proposition will be taken up A committee from the Charleroi Business Men's association appointed some time ago, to further the project, will likely be present Action may be taken at the meeting on the matter. Other business left over from the preceding meeting will be taken up.

Allegheny High School Strong

The Allegheny High School team which play the Lutherans here this Saturday has thus far proven the strongest scholastic team around Pittsburg. This by defeating Wilkinsburg High school 20 to 3; Ben Avon High School 21 to 2; also East Liberty Jeannette, Uniontown, and Avalon, and losing only to Rayen High School of Youngstown and Slippery Rock Normal, by this record the Allegheny High boys have shown themselves the inter scholastic leaders, and their appearance will give the people of Charleroi the opportunity to see a real good High School team in action. Greenway, the star A. H. S pitcher, has a record of 22 strikeouts against one opponent and 18 against two others.

CATHOLICS BEAT W. A. PRESBYS.

By hitting opportunely and by taking advantage of every little misplay, the Catholics won the game last night from the Washington Avenue Presbyterians. The contest was worth while witnesing

When Kelly contracted a walk for the Catholics in the first inning it was the signal for a run. He scored when Deitz met the sphereoid for a twobagger In the third session Kelly was safe, Deitz and Riter scored Kelly was safe on a misplay and Deitz doubler scoring the former. Rider singled and Might tripled scoring Ritter. Meanwhile Deitz circled the bases Deitz chased around the circuit again in the fifth on a number of misplays and Kelly scored in the seventh when he was safe on a fielder's choice. stole second and scored on the middle fielder's error.

The Washington Avenues counted twice in the fourth. Mitchell got on through an error, stole second- went third on an error and home on a fielder's choice Walchuk scored after getting on by a fielder's choice and subsequently scored. Fontanesi got a walk in the fifth and scored when Barrass and Carmell singled. Score.

WILL HOLD HIGH SCHOOL ENTRANCE EXAMS SATURDAY

High School non-resident entrance examinations will be held at the Charleroi High School building Saturday morning beginning at 8:30 o'clock. Superintendent of Schools J G. Pentz will have charge of the examinations. If applicants are successful, they will be granted entrance certificates, admitting them to the local High School at the expense of the district in which they reside. A charge of ten cents will be made for the examination. This goes to the county superintendent for expense entailed in giving the examinations.
